

Nordic Hedge Funds march on in March

Stockholm (HedgeNordic) – Nordic hedge funds added another 0.7% in March, bringing year to date performance to 4.1%. All NHX sub-strategies, except for fixed income, were up on the month.

NHX Multi-Strategy and NHX Equities were the best performing sub-strategies benefiting from an overall positive market environment. Fund of Funds and CTAs also posted solid numbers while fixed income funds ended the month slightly down. The entire monthly report can be accessed here: [NHX March 2015](#)
