

Sector adds global macro fund and hires new team

Stockholm (HedgeNordic) – Norwegian hedge fund powerhouse Sector Asset Management is expanding its universe of investment strategies by adding a new global macro fund, according to a post on the Sector website. The fund, named “Sector Zenon”, will be managed by Kjetil Høyland and Alexander Lunde.

Høyland and Lunde join from Gjensidige Forsikring where Høyland acted as CIO and head of the tactical asset allocation team while Lunde worked as a portfolio manager and analyst in the same team.

Høyland and Lunde will join Sector Asset Management on the 1st of October while the new fund is expected to launch in Q1 2018.
