

Bodenholm Wins Investor Choice Award

Stockholm (HedgeNordic) - The SEK 6.2 billion Swedish long/short equity hedge fund Bodenholm, part of the Brummer group, won the 2018 investor choice award at an event held in London last week.

Bodenholm won the category "Global Equity Fund USD 500 million - USD 1 billion" in competition with the Ardevora Global Equity Fund, the MW TOPS Fund, the Naya Fund and the Vantage Global Investment Fund.

The investor choice awards builds on votes from a jury of global asset allocators and fund-of-funds. The scoring methodology incorporates a set of qualitative criteria covering the investment process, risk management framework and depth of research team, as well as a set of quantitative performance measures including annualized returns, volatility and maximum drawdown.

Nordic jury participants this year included DNB Asset Management and RPM Risk & Portfolio Management, according to the investor choice award website.

Unfortunately for Bodenholm, they did not have time to attend the event as CEO Per Johansson (*pictured*) writes:
