

A Dozen Nordic Names Compete for EuroHedge Awards 2018

Stockholm (HedgeNordic) - More than a dozen Nordic hedge funds are on the initial list of nominations for the 18th edition of the EuroHedge Awards, one of the main annual events in the European hedge fund industry. The nominations and winners are decided by a quantitative methodology that combines two measures: Sharpe ratios and absolute returns. The winners of the EuroHedge Awards 2018 will be announced on January 24 next year at the Grosvenor House in London.
