

Video: Best Year in A Decade for Nordic HF - December Review

Stockholm (HedgeNordic) - Few would have predicted the Nordic Hedge Index would deliver the highest returns in a decade and end the year at an all-time-high after the first quarter of 2020!

The NHX Composite rallied by 2.7% in December to close up 8.4% on the year. All sub-strategies are popping up in green: NHX-CTA advancing by 3.7%, Equities adding 4.1% and Multi-Strategy funds 2%, respectively. Nordic Fixed Income Strategies advanced by 0.5% and Fund of Funds climbed 1.6%.
