

Announcing: Nominations for 2020 Nordic Hedge Award

Stockholm (HedgeNordic) - HedgeNordic is delighted to announce the nominees for the 2020 Nordic Hedge Award. The annual distinction recognizes the best Nordic hedge funds. Nominees were selected using a quantitative model co-developed with the Stockholm School of Economics.

The model translates several of each fund's performance-related metrics into points, with these metrics including last year's absolute performance, relative performance in 2020 (relative to relevant NHX sub-categories), Sharpe ratio over the past 36 months, absolute performance over the past 36 months, and skewness over the same period. Each of these five metrics has different weights in the model. The top five scorers in each category are nominated for the Nordic Hedge Award. The list of nominees will be handed to a jury board comprised of Nordic allocators, who will provide a qualitative-based scoring for each fund to determine the final ranking.

The winners of the 2020 Nordic Hedge Award will be announced digitally, releasing the winners one category a day in the week of April 19 - 23. See the full list of nominees here:

2020 Nordic Hedge Award Nominees

Congratulations to all nominated funds!
