Ralf Magnussen has been the chief investment officer of AP Pension for six years. Before joining the Danish pension fund, he was an executive vice president at the doctors’ pension fund Laegernes Pensionskasse for over ten years. “I’ve been very happy. I’m also very proud of the results we have achieved at AP Pension,” Magnussen tells AMWatch. “But now that I’ve got the opportunity to take

responsibility for Nykredit Asset Management, it is time to make a change.”

“The potential is still enormous, and Nykredit AM is in the best hands of the colleagues I have been privileged to be in the same boat with during my time in Nykredit.”

Morten Therkildsen became the sole CEO of Nykredit Asset Management, Denmark’s third-largest asset manager, in July of last year, six months after the merger of Nykredit with Sparinvest. He held the co-CEO role at the asset manager from December 2014. In a recent LinkedIn post, Therkildsen said he and his wife decided a few years ago to put their working life on hold at the opportune time and fulfill their life-long dream of sailing around the world. “The potential is still enormous, and Nykredit AM is in the best hands of the colleagues I have been privileged to be in the same boat with during my time in Nykredit,” Therkildsen said in the post.
